

MRS G'S RULES OF THE ROAD

Glaser Music Studio provides group music instruction for up to four pupils at one time as a Home Occupation at 3917 Partridge Circle. This street has two wide, unmarked traffic lanes and plenty of curb parking for a myriad of everyday uses, along with a cul-de-sac island with effective one-way traffic movement.

Everyone, regardless of their use of Partridge Circle, shares in the responsibility of maintaining safety in accordance with laws and neighborhood courtesies. The following rules are in effect for all users of Glaser Music Studio's Partridge Circle location. These rules clarify existing expectations and several rules exceed current laws. In order for your children to take lessons at 3917 Partridge Circle, you need to sign and return by the first lesson of the new session. A new copy will need to be signed for each NEW session.

PARKING EXPECTATIONS

DROP OFF & PICK UP

Please arrive no earlier than five (5) minutes before the scheduled lesson. Make sure your child is inside safely before leaving. Students pack up five (5) minutes before their lessons ends, so they can be out the door on time for pick up. The front door will remain locked between lessons and will be open five (5) minutes before and after lessons. Please pick up your child on time. Call or text if you are running late. Mrs. Glaser- 702-835-2623.

When dropping off a child to lessons, your vehicle shall be stopped and parked parallel to the curb.

CURB PARKING

No stopped vehicles are allowed within the traffic lanes. Park parallel to and against the curb. Do not block driveways, walkways, mailboxes, or the flow of traffic. Do not park in any driveway unless specifically authorized by a homeowner. Do not park within the cul-de-sac island area.

DRIVING EXPECTATIONS

YIELDING TO VEHICLES – Parked vehicles should yield to all vehicles in the traffic lanes, only merging with reasonable safety.

SPEED LIMITS - Unposted residential streets have a speed limit of 25 MPH. As you turn onto Partridge Circle, however, you need to reduce and maintain your speed to no more than 15 MPH as reasonable and prudent under the conditions of children present.

RIGHT OF WAY – Pedestrians and users of skates, skateboards, sleds, toy vehicles, or similar conveyances officially have right of way only while crossing the unmarked intersection crosswalk. In addition, you need to exercise reasonable and prudent caution in navigating such uses to avoid accidents while driving along Partridge Circle.

RIGHT OF WAY TO EMERGENCY VEHICLES - Upon the immediate approach of an authorized emergency vehicle which makes use of proper audible or visual signals, you are to yield the right-of-way along both unmarked traffic lanes and immediately park parallel to and against a curb outside of the cul-de-sac island area.

BICYCLES – In order to drive past a bicycle or electric personal assistive mobility device, you need to exercise due care, which shall include, but not be limited to, leaving a safe distance of no less

than three feet clearance and maintaining such clearance until safely past the overtaken bicycle or electric personal assistive mobility device.

ALTERNATIVES TO PARKING ON PARTRIDGE CIRCLE – As you consider to be safe and appropriate for your children, many students walk or bike to lessons depending on weather conditions, or are dropped off on Meadow Road to walk the remaining block.

Please fill out and sign this form to signify your adherence to Mrs. G's Rules of the Road. Bring to your child's first lesson.
